BACKGROUND:

The VA Southern Nevada Fisher House is generously donated to the VA Southern Nevada Healthcare System, which provides top quality health care to over 55,000 Veterans and service members annually. The Fisher House includes guest suites with private baths, a communal fully-stocked kitchen, living and dining rooms, a library and a spacious family room. These beautiful homes enable family members to be close to a loved one at the most stressful time – during the hospitalization for a combat injury, illness or disease.

This facility is available free of charge to families of Veterans and military service members being treated for at the VA Southern Nevada Healthcare System.
